2024 ELECTION - 2ND MAY

FREYA SUMMERSGILL

SURPRISE BY-ELECTION

LOCAL RESIDENT TO STAND FOR THE GREEN PARTY

Engaging with local shoppers

Due to the unexpected resignation of Lara, the former Labour councillor, there is a **by-election** for Brentford West on the same day as the **London Mayoral** and **Assembly election**.

Freya is a Brentford **resident** who will engage her passion, professionalism and practicality as your local councillor. Freya has a **PhD in civil engineering** and decades as a **volunteer with young people**. She stands for the Greens, the only party committed to social and environmental justice for all.

“ As a Brentford resident with a young family, I want to continue to build a stronger community where children thrive. A vote for **Freya Summersgill** means action for Brentford. ”

COMMUNITY NOT CONCRETE

REVITALISE BRENTFORD BUT SUPPORT LOCAL CULTURE

Current demolish and rebuild plans by Hounslow Council are leaving local businesses and culture in limbo. The closure of **Watermans Art Centre** and **Albany Parade** before replacement facilities are available is eroding our local identity.

What about **Retrofit First?** Demolish and rebuild is not an appropriate solution during this **Climate Emergency**. Let's renovate our existing buildings.

Freya says: “**Engaging the local community** is key to successful rejuvenation. I am passionate about designing **sustainable buildings** and I use my professional knowledge and experience to respond to local developments, council policies and plans, including the recent Brentford Masterplan.

Hounslow Council must prioritise **Brentford's current needs.**”

FREYA SUMMERSGILL: WORKING TO GET THINGS DONE IN BRENTFORD WEST

GREENS READY TO WIN IN BRENTFORD WEST

VOTE FREYA SUMMERSGILL AS YOUR LOCAL COUNCILLOR

Greens are the opposition party in this ward. Labour would have 52 of 62 councillors in Hounslow if they win. This huge majority is not good for democracy or accountability. Green councillors have already made a real impact in other boroughs. **It is time for a fresh Green voice in Hounslow council chamber!**

PROTECT OUR ENVIRONMENT

FIGHT TO IMPROVE BRENTFORD WATER AND AIR QUALITY

Freya & the Greens continue to **speak out** for our nature and residents. Lobbying Thames Water on **water quality** in the River Brent and Thames. Questioning why Brentford is not a focus area for **air quality action**, to improve our health and make it more appealing to **walk and cycle**.
