

BRENTFORD & ISLEWORTH

JUNE 2024

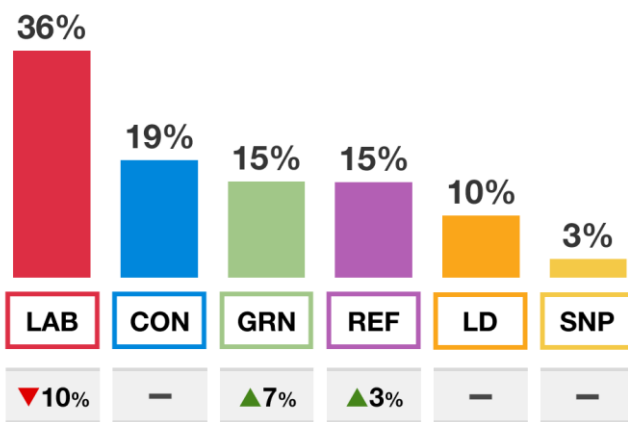

FREYA SUMMERSGILL

GREEN FOR A FAIRER FUTURE

VOTE GREEN TO SHOW LABOUR WHAT YOU WANT

GE2024 without any tactical voting

Source: Electoral Calculus / Find Out Now, 20-27 May (+/- vs standard polling)

Labour is projected to win a landslide on 4th July, promising another large majority in Brentford & Isleworth, even without tactical voting. You are free to vote for the policies you want rather than a tactical vote to keep someone out.

Green policies are adopted when the voters show their support. The strength of the Green vote in any area influences the winner. You can demand more ambition from your politicians. **Real Hope. Real Change.**

If you want better, then you have to vote for better. **Vote Green.**

RESPOND TO THE CLIMATE EMERGENCY

GREENS CAN BE TRUSTED TO DRIVE MEANINGFUL CLIMATE ACTION

The Green Party has the knowledge and expertise to push forward policies that will protect the environment and help us address the climate emergency. We as individuals can make climate conscious choices on transport, housing, goods, food. We also need our government to support credible, practical action.

A carbon neutral Britain by 2050 is MUCH too late! If we are not more ambitious now, the climate emergency will become a climate catastrophe. Green politics is all about ensuring we have a habitable world that our grandchildren can live in.

Freya & her youngest at Boston Manor Nature Fest

“ Our children need us to vote for their future . A vote for **Freya Summersgill** is a vote for **Climate Action NOW** ”

DEFEND OUR NHS: NOT MORE EFFICIENCY CUTS

SUPPORT FOR OUR UNDER-RESOURCED NHS STAFF.

Defending our NHS and making sure people have access to free healthcare is a Green priority.

Vote Green to show your support for a properly funded NHS to bring down hospital waiting times and stop getting to see your GP or a dentist feel like such an uphill struggle.

KEEPING SPACE FOR NATURE

BETTER PROTECTIONS FOR OUR NATURAL WORLD.

We have had more than a decade of delaying and weakening safeguards for nature: delayed bans on Bee harming pesticides & peat compost and relaxing planning conditions. As one of the most nature depleted countries on the planet, we urgently need our government to show leadership to halt and reverse biodiversity loss.

Vote Green to demand policies that restore nature.

Bug Hotel in Brentford

GREEN POLICIES FOR A FAIRER FUTURE

REAL HOPE. REAL CHANGE.

- Defending our NHS so healthcare stays free
- A safe warm home for everyone
- Protections for renters
- Stop the sewage dumping in our seas & rivers
- Value our open spaces
- Measures to address the climate emergency
