

KATHARINE KANDELAKI FELTHAM & HESTON

I am a local resident living in the area for over 16 years. I entered into politics due to the climate crisis and the Government's failure to implement a roadmap to net zero. I am passionate about green politics.

I've been working for NHS for over 10 years, and before was a qualified solicitor for 10 years. Green politics is the future. We desperately need change, so there is justice and equality in society for all.

All the polls are clear – **the Conservatives are going to lose**, by a landslide. The question is – what will the next government do? Major change is needed – **Labour's plan for a few small tweaks won't get the job done.**

“Green MPs will push the Government to think bigger and do better.”
